

**Arbeitsgemeinschaft für
Ernährungsverhalten eV (AGEV)
= Working Group Nutritional Behavior**

The Objectives of AGEV are

- To accumulate scientific knowledge on all aspects of human nutrition behaviour
- To support the scientific exchange on nutrition research between natural sciences, social sciences and cultural sciences within our country and international
- To promote interdisciplinary co-operation in research and practice
- To identify new research areas and to initiate research in these areas
- Finally to transfer the scientific knowledge into the practise of nutrition education.
